

Terms & Conditions

At Samsung SCSC we make every effort to comply with our obligations under the 1998 Data Protection Act. Additionally, we understand the importance of maintaining the confidentiality of your CV and other information stored about you while using this site.

You can remove any of the information that Samsung SCSC stores about you, at any time, by logging in to your account and choosing to close the account. We will always endeavour to handle your information in accordance with this privacy policy, wherever it is processed.

If you submit personal information to Samsung SCSC, we may use that information to operate, maintain and improve the features and functionality of the Samsung SCSC career site, and to process any flagging activity or other communication that you send to us.

We do not use your email address or other personal information to send commercial or marketing messages without your consent. Samsung SCSC may use your email address to inform you of major changes to the Samsung SCSC site.

Samsung SCSC allows the use of cookies to save certain information such as your username and password so you don't have to re-enter this information the next time you log in.

Registration details

Contact and other details you supply as part of the registration process are stored by us and used to provide you with the information you have requested.

Profile and CV information

When you complete your Samsung SCSC profile, including your CV, it can be made available for searching, viewing over the Internet and downloading by any direct, employment consultant. When you 'apply online', we store some information about you in your account, but it is protected by your password and may only be accessed by you. It does not form part of our Samsung SCSC database and cannot be searched or accessed by Samsung SCSC customers. You can delete your account at any time. Your CV can only be viewed by Samsung SCSC. If you choose to create a profile and upload a CV to our database, we rely on you to ensure that your details are kept up to date. Please note that Samsung SCSC reserves the right to remove from our database, CVs which include any content that we consider to be illegal or offensive.

IP address information

Like many websites, we routinely capture your IP address information to determine your location. This helps us work out whether you are visiting the site from within the UK, EU or rest of the world, and means we can show you content that's specific to your location and ask the right questions about your eligibility to work in the UK or EU should you wish to apply for a job on Samsung SCSC.

An IP address, or 'internet protocol address', is a unique identifying number given to every device connected to the internet. Like a car license plate, an IP address is a special serial number used for identification.

Security

We have implemented security safeguards designed to protect the personal information that you provide in accordance with industry standards. Access to your data on Samsung SCSC career site is password-protected (any passwords stored are securely encrypted), and all data is protected by SSL encryption when it is exchanged between your web browser and the Samsung SCSC site. To protect any data you store on our servers, we also regularly monitor our system for possible vulnerabilities and attacks.
